Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 05 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly cold, dry and bright with occasional wintry showers.

This Evening and Tonight:
Most areas will have a dry night with clear spells, especially in the west. However, the Scillies may catch a shower, and towards the morning showers, potentially wintry, will start to edge in from the east. Feeling cold, potentially frosty. Minimum temperature -1 deg C (30 deg F).

Wednesday:
A mostly dry and cloudy day, although the chance of an isolated, perhaps wintry shower. Feeling cold, with light winds. Turning clear overnight with frost and fog. Maximum temperature 6 deg C (43 deg F).

Outlook for Thursday to Saturday:
Some showers, possibly wintry Thursday night into Friday. Otherwise this period looks to be mostly dry with frequent sunny spells. Remaining cold, with overnight frosts and freezing fog likely.
